

Notice- Request for Qualifications- Design Services- Electrification of Building

The Town of North Andover invites proposals from qualified firms for design services for electrification of the building located at 120R Main Street in North Andover, Massachusetts, which shall include installing an air to air VRF heat pump system to provide heating and cooling to the building, and an electric hot water system. Qualified companies are requested to submit their proposals in accordance with the instructions contained within the Request for Qualifications (RFQ). This is not a price competition but rather the Town's decision will be based upon qualifications and experience with similar projects. The fee for services shall be negotiated.

The complete RFQ is available on the Town website (www.northandoverma.gov) under "Bids and Proposals". The Town will only accept proposals delivered in person or by mail. All proposals must be received by 2:00 p.m. on May 1, 2024 to be considered.

The Town of North Andover may cancel this RFQ or reject in whole or in part any and all proposals, if they determine that cancellation or rejection serves the best interest of the Town of North Andover.
